

# CANTERBURY MINERAL & LAPIDARY CLUB INC.

We share an interest in the geology of how our landscape is formed, the story of its fossils, and how to reveal the beauty of nature's rocks, crystals and minerals.

The Club has a well equipped workshop and there are regular classes in lapidary from beginner to advanced

## You can learn how to:-

- Tumble polish stones
- Make pictures out of moss agates
- Prepare cabachons
- Polish fossil wood
- Make jewellery
- Display your prize rocks
- Carve in stone or bone

# Crystals and Minerals

If you are interested in

- Crystals
- Micro minerals
- Minerals

Swap samples and information with other enthusiastic collectors. Use the club library's many reference books to help with identification.

**Amethyst crystals from a geode.** A brilliant example of what can be found in New Zealand with lots of luck and spending many days in the field searching.

## Meetings

\* Interesting speakers \* Auctions \* Swap information with other enthusiasts \* Competitions \* Cuppa and a chat \*

Do come along to our monthly meeting, on the second Thursday of each month [Feb. to Nov.] at 7:30 p.m. in our clubrooms at 110 Waltham Road, Christchurch.
